

ALLIES MUST BE FIRST IN OFFER TO MAKE PEACE

GERMAN CHANCELLOR SAYS TEUTONS WILL THEN CONSIDER TERMS

DECLINE MORE RESPONSIBILITY

Further Continuation Of War Depends Entirely On Her Enemies

(Associated Press) Berlin, Dec. 9.—Addressing the Reichstag today Imperial Chancellor Bethmann-Hollweg said: "If our enemies make peace proposals combatible with Germany's dignity and safety then we will always be ready to discuss them."

But in his opinion, he said it would be folly for Germany to propose peace "as long as in the countries of our enemies the guilt and ignorance of statesmen are entangled with confusion of public opinion."

Decline Responsibility. "Conscious of her military success," the chancellor continued "Germany declines responsibility for further continuation of the war," and he declared Germany should not be charged with a purpose of fighting on to make further conquests.

"The war can be terminated only by a peace which will give a certificate that war will not return," he declared. "We will agree about that."

He asserted also that Germany's food supplies are sufficient and her immense supplies of copper are adequate for many years.

Replied to Socialist. The address of the chancellor, listened to with extraordinary interest, was made in response to a socialist's interrogation. "Is the chancellor prepared to give information on the conditions under which he would be willing to talk peace?"

Hungarian Views. At Bucharest yesterday in a speech before parliament, Hungarian Premier Tisza said: "When peace shall come depends entirely upon our enemies" and he invited Rumania to resume friendly relations with Austria-Hungary.

(Associated Press) The American tank steamer Commanipaw sailed from Alexandria for New York yesterday. It is announced by Lloyds. Therefore it was some other vessel which was sunk by a submarine off Tripoli Tuesday.

Two Steamers Sunk. The British steamer Veria and Greek steamer Gouladris, the combined tonnage of which was 4800, have been sunk.

The American Trans-Atlantic Company's steamers, Hocking and Genesee will be sent to prize court pending a decision under which no more ships of the company will be seized by Great Britain. This is the result of Washington's protest against the British requisitioning the company's vessels.

Washington, Dec. 9.—The United States government has made formal demand on Austria for a disavowal of the submarine attack on the Italian liner Ancona when more than a score of American passengers were sent to their death.

Coupled with the demand for a disavowal is a demand that the Austrian government shall make full reparation to relatives of the Americans who lost their lives; that it shall give ample assurances against a repetition of such an attack and that the commander of the submarine shall be punished.

In all respects, excepting the stipulation concerning the punishment of the commander, the demands are similar to those made on Germany in connection with the sinking of the Lusitania and the Arabic.

Repetition of Germany's Course. It is understood this action was

While his train neared Marion, their car was set on fire which nearly caused the death of Messenger C. H. Bronson and assistant F. W. Howe. The fire cut off the air valve so they could not stop the train. Their predicament was not discovered until the car was a mass of flames. Both were removed to St. Luke's hospital in Cedar Rapids.

A railroad agent, investigating the case, said that in ruins of the car remnants of a clock work bomb was found. It is reported that the express car was partially loaded with war supplies.

Before the hour of the departure of Henry Ford's peace ship, Oscar II., from Hoboken for Europe, with the Detroit man's party which hoped to find a way of ending the war, it was announced that William J. Bryan expected to join the party soon, probably when the ship reaches The Hague. This information was given out by Mr. Bryan himself, who came from Miami, Fla., to bid Mr. Ford and his companions goodspeed on the journey and to assure them of his unqualified indorsement of their project. Mr. Bryan went to Hoboken to shake every plumb by the hand. The number of voyagers was given out as 10, including fifty-four newspaper correspondents and three moving picture photographers. Prominent among the travelers were Mrs. Inez Milholland Boissevain, the famous suffragist; Governor L. B. Hanna of North Dakota and the Rev. Charles P. Aked, the born Danish clergyman who was formerly pastor of the Fifth Avenue Baptist church of New York and who now officiates in San Francisco.

MADE AWARDS AND ELECTED NEW OFFICERS

ILLINOIS HORTICULTURISTS COMPLETED FINE CONVENTION

DISPLAYS WERE OF INTEREST

Many Dixonites Saw Excellent Exhibits of Fruits and Vegetables

The session of the Horticultural Society of Northern Illinois closed in this city this afternoon and all those who attended the meetings found them very profitable.

The officers as selected were as follows: President, A. W. Bryant, Mt. Morris; vice president, L. B. Bryant of Princeton; treasurer, L. H. Cutler of East Dubuque.

The awarding of the premiums to those having the best exhibits was not completed until about noon today and the list will be published tomorrow.

Many Fine Exhibits.

The exhibits in the basement of the church are unusually attractive and include some new varieties in apples.

Sanders Bros. of Ottawa include in their extensive apple showing such new kinds as the Chicago, Senator, Apple of Commerce, King David, Bonum, Stayman Winesap, Pritzaker, Vandever Imp, Winter Banana and Ben Hur.

A. W. Brayton of Mt. Morris, president of the society, makes an excellent showing of Winter Banana, Delicious, Northwestern Greening and Jonathans in the apple section.

L. B. Bryant, Princeton commercial orchard owner, Austin Powers, Sterling, and Charles Lawton of Dixon also make most excellent apple exhibits.

Charles Hey and A. T. Keithley of this city have exhibits of vegetables which are said to exceed in excellence the exhibits at the state horticultural meeting at Champaign.

Five Oaks Nursery has a pretty commercial exhibit of boxed and barrelled apples beside a showing of evergreen and nursery stock.

In the auditorium of the church, where the meetings are held, the floral display prepared by C. H. Fallstrom has added to the attractiveness of the sessions.

The state provides the sum of \$150

TELEGRAPHERS WIN RAISE

1,000 Operators of C. C. & St. L. Railway Get \$45,000 Increase.

Cincinnati, Dec. 9.—The 1,000 telegraph operators of the Cleveland, Cincinnati, Chicago and St. Louis railroad will receive an increase in wages amounting to \$45,000 yearly, according to an agreement reached between the operators and officials of the road.

The telegraphers asked \$55,000 and the road offered \$40,000. for the meeting and the expense to the members is small, the plan being to encourage many such gatherings and to promote the interest of horticulture.

L. D. Tilton of the University of Illinois, substituting last night for Wilhelm Miller, who was unable to come, spoke on "Landscape Forethought." The other numbers on the program were a number of selections by the south side high school glee club and the north side orchestra, together with several numbers by a quartet composed of Elmer Rice, Wilbur Beach, Myrtle Rice and Mrs. Lee Read.

The Mayor's address of welcome delivered on Wednesday morning follows:

Mr. Chairman, Ladies and Gentlemen: It affords me great pleasure, as Mayor of the City of Dixon, to extend to the Northern Illinois Horticultural Society a hearty welcome to our city.

We appreciate the honor and privilege of entertaining an organization of importance such as yours. Such men as you band themselves together for the sake of the association and actual benefit, and I have no doubt that to you has come genuine stimulation and that from year to year you have seen more and more the useful end and benefit of your Society.

It will be a treat and revelation to the many who will visit your exhibit and see the wonderful creations produced by the Northern Illinois Horticulturalists, but I have not come to speak of horticulture; your excellent program provides for speakers on various subjects who speak with knowledge and intelligence which no one can have who has not made horticulture a profession and study.

These lectures will be very interesting and beneficial; you can not afford to miss any one of them.

The citizens of Dixon appreciate your kind invitation to visit your exhibit and attend your meetings and in their behalf I thank you and trust that your stay among us will be as pleasant and profitable to you as I am sure it will be to us.

I thank you.

Devine Is Awarded Contract To Raise Road Near Bridge

Dixon Man Must Fill Peoria Road One Foot Near N. W. Bridge

Contractor James Devine of this city has been awarded the contract by the Northwestern railroad company for grading and macadamizing the roadway of the approaches of the Peoria road bridge over their tracks which is to be raised on account of raising the road bed under the tracks about two feet next spring, when the rock ballast is put in. The center span of the bridge is to be raised two feet while the ends of the bridge will be raised but one foot, thus requiring a foot raise in the road. This will be graded back from either end of the bridge so that the elevation will not be noticed. It is hardly probable that the work will be started before spring on account of the ground now being frozen.

SUSPECT WAR PLOT IN ASSASSINATIONS

Superintendent of Plant Making Shrapnel Is Slain.

Hammond, Ind., Dec. 9.—An abortive war plot is believed to have been the cause of the slaying of Frank Holder, superintendent of the Standard Steel Car company, Hammond, Ind., and the probably fatal wounding of Frank Cole, who were shot down near the car plant.

The company is said to be making shrapnel. Two men, it is said, started one of the customary strikes that follow such munition-making. Holder discharged them. As the superintendent was walking home, a man stepped from behind a tree and fired both barrels of a sawed off shotgun.

Holder dropped dead. Cole, who was walking near by with Mrs. William Reeve, was struck by one slug and is said to be lying at St. Margaret's hospital. Another slug pierced the coat of Mrs. Reeve, but did not touch her body.

The Hammond police began an immediate search for the slayers, working on the theory that they were thwarted war plotters.

President Wilson expressed his appreciation of the invitation and promised to give it his careful consideration later, stating it was impossible at this time to make a definite engagement so far in advance.

COUNTY BOARD ADJOURNED WITH NOTHING DONE

DEADLOCKED ALL AFTERNOON ON SELECTION OF STATE AID ROAD SITE

CANNOT AGREE; THEY GO HOME

Backers of Harmon Road Oppose Measure To Put Piece on Lincoln Highway

The Lee County Board of Supervisors, after an afternoon of wrangling and petty politics, adjourned a little before 3 o'clock today until March 20th. No selection was made for the placing of the half of the state aid money that has been refused Harmon township. The supporters of the Harmon road were apparently so chagrined at the loss of their road that their only idea was to block the placing of it elsewhere and a resolution placing the piece of state aid road on the Lincoln highway, commencing at the south end of the bridge that crosses Franklin Creek just west of Franklin Grove, and running thence westerly toward Dixon on the Lincoln Highway, introduced by Supervisor Trostle of China township, was lost in a tie vote of 12 and 12, every member voting and Chairman Morris Cook voting with the Lincoln Highway. The members that voted against the Lincoln Highway were the same members that have been fighting to retain the road in Harmon township. These same members evidently took the position that if they could not have the road in Harmon, no other township could have it and they called an adjournment. The state highway commission had already served notice on the board that the state aid road could not be placed in the chosen spot in Harmon township at this time because it did not accommodate as many people as it would on the Chicago road or the Lincoln Highway. The board was also unable to agree upon the type of material to be used in the state aid section that is to be built on the Chicago road near Dixon. This piece of road however has been voted through and approved by the state highway commission and will be built. The commission will undoubtedly select brick as the material to be used.

If Lee county does not select a place for the building of the other half of the state aid road, the state's half of the money, which was to have been donated to Lee county, will be given to other counties, and Lee county will be thousands of dollars out in the transaction.

Morning Session Tame

The morning session was devoid of excitement inasmuch as the settlement of the state aid road question was delayed. The Paupers' Claims Committee, the printing committee, and the fees and salaries committee reports were received and approved.

BACHELORS.
A bachelor is a man who comes you can safely bet he is a bachelor home late on a cold, dark night and

get a warm and effusive welcome from the hat rack. When a man has arrived at the age of thirty without winning the slightest interest in the art of living, at the increased out-giveness of millinery, he may be properly called a bachelor. Bachelors are of two kinds—self-made and girl-made. The first kind is a man who is too foolish to marry. The second kind is produced by women who are too wise to marry. Owing to the inconceivable tender-heartedness and headiness of women, the first variety is by far the more numerous.

Bachelors live alone as a rule, but are kept in a passable state of repair by their landladies. They are very hardy and will eat almost anything. If you are in doubt as to whether a man is a bachelor or not, invite him to dinner. If he accepts with a hungry look in his eyes, he is either a bachelor or a man with a parietic wife. Then set before him a piece of fried shoe upper. If he eats it without remark and grabs the coffee cup about the waist instead of by the handle,

Bachelors are most attractive between the ages of thirty and forty, during which time they are in an excellent state of preservation and are able to dodge heiresses and chorus girls, matrimonially speaking, with ease and skill. Between forty and fifty the bachelor becomes more pensive, and cannot imagine why young girls of eighteen are unanimously elsewhere when he calls. From fifty on bachelors are objects of pity who live alone, pursued by many terrors. It is a sad sight to see a trembling old bachelor holding a ferocious baby which has been loaned to him by some heartless father for the amusement of a large room full of company. At this age too many bachelors who have successfully avoided dozens of happy marriages early in life are caught helpless and feeble by some designing widow, and meet a terrible fate.

Bachelors are useful when young for wearing down ballroom floors, supporting theatres, candy stores and florists and seating guests at weddings. Later on they become useful for paying taxes and as horrible examples. Bachelors have done some good in the world, but as forefathers and ancestors they are a dismal failure.

Dramatic Notes

PRINCESS THEATRE.

Tonight the Princess will show Henry Walthall in the "Circular Path," an Essanay feature, and Warda Howard in a drama of heart interest and devotion. People who have seen Walthall in "The Birth of a Nation," "The Avenging Conscience" and other pictures featuring him have pronounced him one of the best motion picture actors of the present day. The circular path is written especially for Walthall and Manager Slickover is to be congratulated in getting it so soon as it has been showing in all of the larger houses in Chicago and throughout the country. A Vitagraph comedy entitled "Their Night Out" is also on the bill and will conclude an excellent entertainment.

FAMILY THEATRE.

Jesse L. Lasky presents Blanche Sweet in a picturization of Margaret Turnbull's emotional drama of justice and romance, "Stolen Goods," at the Family this evening. The following is a brief synopsis of the play: Margery Huntley, a poor girl working in a dressmaking establishment, is sent to match some samples at a

store. While she is standing at the counter Helen North, a rich girl kleptomaniac, steals a piece of lace and noticing that it is missed, saves herself by thrusting it into Margery's open bag. Thus Margery goes to prison for a crime she does not commit. When Margery leaves prison she becomes a trained nurse, but her "prison record" is discovered and she feels that her best field for work is in the Belgian hospitals under the red cross. There she again meets Helen who has lost all her money but who has received a ticket to America and some cash from a friend to whom her father wrote before his death. Helen is apparently killed by a shell and Margery determines to go to America under the name of the woman who caused all her misery. Helen is not really slain, and when she seeks to claim her own the drama develops to a most unexpected climax.

Blanche Sweet plays the role of Helen and House Peters is the red cross surgeon who loves her and remains true under all conditions. Three good acts of vaudeville and Ray Miller, singer, will complete the bill.

GIRLS DO YOU KNOW WHY YOUR HAIR IS UGLY

It is astonishing how much good looking hair does toward producing a youthful appearance and still more astonishing to realize how much the attractiveness of the hair is affected by the care we give it.

Loving care and frequent attention are as necessary to keep a woman's hair beautiful and luxuriant as is the tooth brush to keep teeth from decay.

Every woman who values the beauty of her hair as she ought to do should make it a never broken habit to frequently apply a little Parisian Sage, rubbing it briskly into her scalp with the finger tips.

Parisian Sage is Nature's modern handmaid to beautiful feminine hair. It is a simple, harmless compound of wholesome, nutritious ingredients that make an ideal lotion for nourishing both hair and scalp. It feeds and builds up the delicate hair and scalp structures, making the hair soft, lustrous, brilliant and easy to dress and arrange. Rowland Bros. and many other of our best druggists sell Parisian Sage and gladly recommend its use.

GALLINGER TO GIVE SUPPORT

Assures Wilson Minority in Senate Will Not Oppose Preparedness Plan.

Washington, Dec. 9.—President Wilson has been assured by Senator Gallinger, Republican leader of the senate, that the minority party in the upper house will offer no partisan opposition to the national defense program. The only condition placed on this assurance by Mr. Gallinger was that the President himself should refrain from submitting the program to a party caucus and thus giving it a partisan aspect.

The President assured Mr. Gallinger that he had no thought of seeking caucus action on the measure.

THE COUNTY BOND ISSUE.

Last evening's Telegraph contained a complete report of the special committee appointed by the Lee county board of supervisors to investigate and report their findings on the proposition of bonding Lee county to build a system of hard roads all at one time. The committee was composed of as good men as could be selected from the board. They are men who have had considerable experience in the road proposition and in the tax question, also. The report they turned in was a starter only. They themselves are not satisfied with it and would not want to see the matter go to a vote of the people Lee county, is a task of no mean proportions.

They spent a good many days on this report and the farther they got into the matter the more they could see ahead of them. They realize now, better than any of the rest of us no doubt, that the project of bonding Lee county and building good roads to connect every city, village and hamlet in Lee county, is a task of no mean proportions.

The entire county board, we believe, sees more than ever that the bonding proposition is the only solution to the road problem. If the present system is depended upon to furnish the good roads, we will be about one hundred and fifty years getting the roads and there will not be a supervisor left in Lee county who will not be a mental and physical wreck from the warfare that will be waged on the board every time a selection is made.

The road report, as printed yesterday, would not meet the requirements of the county in the matter of main roads, for while macadam roads would be right and proper on lateral roads, it would be a foolish waste of money to build macadam roads on the main traveled roads of Lee county, especially on the Chicago road, the Amboy road, the Lincoln Highway, etc., for the macadam would be torn up and gone long before the bonds were paid off.

LOWDEN IS THE ALL-REPUBLICAN CANDIDATE.

Ten southern counties have endorsed Colonel Frank O. Lowden for the republican nomination for governor of Illinois. These endorsements were made by the legally constituted representatives of the people—the precinct committeemen—by people meeting with the committeemen and in open meetings of voters from all over the counties. These endorsements were emphatic and forceful. They fairly represent the sentiments of the people in the southern part of the state. They are the only expression of their opinions the people can give before the primaries. If the feeling of the voters in northern Illinois be equally strong in favor of Lowden, as it is said to be, he bids fair, should he become a candidate, to receive an overwhelming vote at the primaries. This is as it should be, because Lowden has declared he will not in any sense be a factional candidate. He will seek the united support of the republicans of Illinois. His nomination means a big republican victory next November, which, in his estimation, is more important to the people of Illinois and the country at large than is his own personal success.

A WAY FOR FORD TO SPEND THOSE MILLIONS.

Some thoughtful soul suggests that if Mr. Henry Ford had spent the millions he is frittering away on his peace expedition with the Innocents Abroad, on good roads for this country he would have been doing humanity a greater service. The owners of the Tin Lizzies would certainly appreciate good roads. He ought to put into the roads what he left out of the springs.

WARFARE ON THE BOARD OF SUPERVISORS.

The main implement of warfare used by the opposing ranks in the board's battle is an idea stolen from the military experts of Europe. Gas is used in great quantities, and though not quite as deadly as that used by the Germans, the gas used by the fighters on the board has a telling effect. It sort of puts the opponents to sleep.

FATE OF OIL TANKERS CAUSE OF PERPLEXITY

Communipaw Is Reported Torpedoed, Captured, Safe.

Washington, Dec. 9.—Regarding the details of reported attacks on the Standard Oil tank steamers Petrolite and Communipaw the dispatches received at the state department have merely served to mystify. The first report on the Petrolite came from United States Minister Droopers at Athens stating on the authority of a message received at a Greek government wireless station that a United States vessel with an unintelligible name had been attacked by a submarine and shelled on the afternoon of Dec. 3. The position of the ship was given. Subsequently the American cruiser Des Moines reported from Crete, having received a message from the Petrolite stating that she had been shelled on Sunday morning by an Austrian submarine but indicating that she had escaped. Her position as given to the Des Moines was different from that set forth in the Droopers' report.

Concerning the Communipaw even greater confusion exists. Ambassador Thomas Nelson Page at Rome first reported: "American vessel held to be Communipaw sunk by submarine." Later the ambassador simply reported: "American steamer Communipaw held to be captured. Taken to an unknown port."

These conflicting statements coupled with press reports from Alexandria, Egypt, reporting the arrival there of the Communipaw have completely mystified officials and have created apprehensions that perhaps other tankers besides these two were attacked.

—The young man in the family would appreciate a box of engraved calling cards as a X-mas gift. We have the proper styles in script, old English, Roman, etc. The Telegraph, Dixon, Ill.

CURRENT COMMENT

Danville Press: The bill and kill the bill. The advice of a distinguished Kentuckian to a friend who sought his counsel concerning some extortionate hotel charge. "Shoot the judge if you lose your suit," seems to be the latest bullet-punctured amendment to the elastic unwritten law.

Iola (Kas.) Register: Senator Sherman of Illinois is the latest presidential candidate, to put up his boom on exhibition in Kansas. The senator visited Topeka the other day and was looked over by the commercial club and a convention of insurance men who seemed well pleased with him.

Baker Hill Gazette-News: Former United States Senator Isaac Stephenson says he spent \$500,000 furthering La Follette's political ambitions, and complains of ingratitude. The Springfield State Journal, in commenting thereon, concludes with this sentence: "Any man who plays the political game for any considerable length of time can reel off a few chapters of that sort." And newspapers are thrown down just that way when perfidious politicians get through with them.

Mr. and Mrs. Wicher have done such splendid work at the county home that the county committee was desirous of making sure of their services for some time to come and with this idea the committee recommended the employment of Mr. and Mrs. Wicher for the term of five years, and the county board would have been glad to do this, as they were of one accord on the efficiency of Mr. and Mrs. Wicher, but it was found that the supreme court of Illinois has ruled that county board cannot bind future county boards in a contract of this nature.

TARDY ABOUT BEING SHOWN

Insurrectionists on Peace Ship Discovers Asking About Plans.

On board the Peace Ship Oscar II., by wireless to Cape Race, Dec. 9.—The Peace Ship is threatening already to belie its name. Internal strife has broken out and bids fair to become serious. The Rev. Charles F. Aked of San Francisco, formerly pastor of John D. Rockefeller's church in New York, has taken the leadership of a band of insurrectionists who are beginning to entertain doubts for the success of the trip.

These malcontents demand to be shown in plain terms what the peace party expects to accomplish and what grounds it has for so thinking. They insist on seeing the documents which Mme. Rosika Schwimmer asserts she has with her to show that belligerents on both sides are willing to hear peace proposals and that unofficial representatives of the warring nations will attend the Ford pacificists conferences on the other side.

taken by Secretary of State Lansing as a result of the sudden renewal of submarine activities by Austria against unarmed ships and neutral freighters in the Mediterranean and may be taken to reflect an apprehension on the part of this government that Austria means to pursue the same course as that followed by Germany before the latter country was called to account by the American government. Austria's Statement Contradicts Seif. At the time the Ancona was sunk it was alleged in statements obtained from survivors that the ship was attacked without warning and that the submarine opened fire with her guns on the life boats in which the passengers were trying to escape. Within a few days after the attack the Austrian admiralty gave out a contrary version of the copy which was sent to Washington by Ambassador Penfield. According to this version Austria did not hesitate to admit that the attack was made by an Austrian submarine but it was added that the liner had tried to escape after being warned. It was also intimated that the casualties were due to a panic on board the vessel.

In view of this statement of the admiralty which, it was stated, was based on information obtained from the submarine commander, the state department was at a loss a week later to understand a dispatch from Ambassador Penfield stating that his formal inquiries had not been replied to because the Austrian government, finding it difficult to communicate with the submarine desired more time.

Makes Stubborn Coughs Vanish in a Hurry

Surprisingly Good Cough Syrup
Easily and Quickly
Made at Home

If some one in your family has an obstinate cough or a bad throat or chest cold that has been hanging on and refuses to yield to treatment, get from any drug store 2½ ounces of Pinex and make it into a pint of cough syrup, and watch that cough vanish.

Pour the 2½ ounces of Pinex (50 cents worth) into a pint bottle and fill the bottle with plain granulated sugar syrup. The total cost is about 54 cents, and gives you a full pint—a family supply—of a most effective remedy, at a saving of \$2. A day's use will usually overcome a hard cough. Easily prepared in 5 minutes—full of directions with Pinex. Keeps perfectly and has a pleasant taste. Children like it.

It's really remarkable how promptly and easily it loosens the dry, hoarse or tight cough and heeds the inflamed membranes in a painful cough. It also stops the formation of phlegm in the throat and bronchial tubes, thus ending the persistent loose cough. A splendid remedy for bronchitis, winter coughs, bronchial asthma and whooping cough.

Pinex is a special and highly concentrated compound of genuine Norway pine extract, rich in guaiacol, which is so healing to the membranes.

Avoid disappointment by asking your druggist for "2½ ounces of Pinex," and do not accept anything else. A guarantee of absolute satisfaction goes with this preparation or money promptly refunded. The Pinex Co., Ft. Wayne, Ind.

Dear Santa Claus—
Will you please bring me a tablet a chair for my writing desk, a story book, a cradle for my doll, and a set of dishes.

With love,

Evelyn Swingley.

Dear Santa Claus—
I would like painting set and a drawing book and a suit case, some story books, and I would like a trunk and I would like nuts and oranges and candy and a Christmas tree.

Your little friend,

Mildred Jacobson, aged 8.

EAT WITHOUT FEAR OF INDIGESTION OR SOUR ACID STOMACH

Instant Relief! "Pape's Diapepsin" ends your stomach trouble forever.

Wonder what upset your stomach—which portion of your food did the damage—do you? Well, don't bother. If your stomach is in a revolt; if sour, gassy and upset, and what you just ate has fermented into stubborn lumps; head dizzy and aches; belch gases and acids and eructate undigested food; breath foul, tongue coated—just take a little Pape's Diapepsin and in five minutes you wonder what became of the indigestion and distress.

Millions of men and women today know that it is needless to have a bad stomach. A little Diapepsin occasionally keeps this delicate organ regulated and they eat their favorite foods without fear.

If your stomach doesn't take care of your food limit without rebellion; if your liver is a damage instead of a help, remember the quickest, surest, most harmless relief is Pape's Diapepsin which costs only fifty cents for a large case at drug stores. It's truly wonderful—it digests food and sets things straight, so gently and easily that it is really astonishing. Please, for your sake, don't go on and on with a weak, disordered stomach; it's so unnecessary.

SEE YOUR CHILD IS SICK, CONSTIPATE

Look at tongue! Move poisons from liver and bowels at once

Mother! Your child isn't naturally cross and peevish. See if tongue is coated, this is sure sign its little stomach, liver and bowels need a cleansing at once.

When listless, pale, feverish, full of cold, breath bad, throat sore, doesn't eat, sleep or act naturally, has stomach ache, diarrhoea, remember, a gentle liver and bowel cleansing should always be the first treatment given.

Nothing equals "California Syrup of Figs" for children's ills; give a teaspoonful, and in a few hours all the foul waste, sour bile and fermenting food which is clogged in the bowels passes out of the system, and you have a well and playful child again. All children love this harmless, delicious "fruit laxative," and it never fails to effect a good "inside" cleansing. Directions for babies, children of all ages and grown-ups are plainly on the bottle. Keep it handy in your home. A little given today saves a sick child tomorrow, but get the genuine. Ask your druggist for a 50-cent bottle of "California Syrup of Figs," then look and see that it is made by the California Fig Syrup Co.

If you are a Karo user already then you know all about this wonderful spread—you know how fine it is as a spread for bread; how delicious it is with griddle cakes, waffles, hot biscuits and corn bread.

BEST MINNESOTA BARGAIN.

About 625 acres of the best land in this state as smooth as a floor and cut on the north by good river (full of fish), and cut on the south by big ditch, just completed, and this ditch is about eight feet deep and shows the best of good yellow clay clear to the bottom. The top soil is the best black sandy loam to be found in Minnesota. The water is pure, and never-falling well on the place, which is occupied by tenant. This farm is as smooth as the best of the Red River Valley it should not be confused with same, as this is near the highest point of land in the state.

There is fair house and also other buildings with some fenced in pasture and also some field in crop, and all the land desired for crop can be broken with tractor and as this is new land one crop of flax will pay for it at the bargain price of \$25 per acre. Five thousand dollars cash will handle the deal and it is near direct line to Duluth, which is the best market in the Northwest.

EAT A SQUAR MEAL AND NOT FEAR INDIGESTION

There were hundreds of people in Dixon who were not the least bit surprised when they read in the "Telegraph" that Rowland Bros. are selling Mi-o-na on a guarantee to refund the money in case it did not relieve. This remarkable dyspepsia remedy will relieve the worst case of indigestion, headache, dizziness, or the general played-out condition that afflicts every one suffering with stomach trouble. Mi-o-na does not simply relieve, it aims to cure.

Rowland Bros. can tell you of many well-known people in this city who this remedy has restored to health, often after they have tried many other methods of treatment with little or no benefit. No other dyspepsia remedy has made so large a percentage of cures as Mi-o-na. It is so large that they stand ready to refund the price to any customer whom it does not help.

The best kind of advertising is the praise of a pleased customer, and there are hundreds in Dixon today praising Mi-o-na because it does what it is advertised to do. A few months ago they could eat nothing without wondering what the result would be. Since using Mi-o-na they eat what they want and when they want with no fear of suffering.

SIGNALS OF DISTRESS

DIXON PEOPLE SHOULD KNOW HOW TO READ AND HEED THEM.

Disordered kidneys give many signals of distress.

The secretions may be dark, contain sediment. Passages are sometimes frequent, scanty, painful.

Backache is often present day and night.

Headaches and dizzy spells may occur.

Weakened kidneys should receive help.

Don't delay! Use a special kidney remedy.

Doan's Kidney Pills are for weak kidneys, backache and urinary disorders.

Dixon evidence proves their worth. Mrs. L. L. Shank, 1173 W. Seventh street, Dixon, says: "I had a severe pain in the small of my back and kidneys. It was hard for me to lift anything and after I stooped, I could scarcely straighten up again."

I also had dizzy spells and headaches, was constantly languid and felt tired out. I procured Doan's Kidney Pills at Leake Bros. Co's Drug Store and they helped me from the start. Three boxes removed the trouble. Another of my family has also been helped by Doan's Kidney Pills."

Price 50c, at all dealers. Don't simply ask for a kidney remedy—get Doan's Kidney Pills—the same that Mrs. Shank had. Foster-Milburn Co., Props., Buffalo, N. Y.

SPONGED LUNCH FROM THE STATE

Sensational Testimony in Suit Against Barratt O'Hara.

VICE JOB PRIVATE SNAP, CHARGE

Illinois Lieutenant Governor Accused of Drawing Money Senate Never Authorized, Furnishing Private Office With Proceeds, and Drawing State Warrant for Father's Lunch.

Chicago, Dec. 9.—That Lieutenant Governor O'Hara bought a bill of furniture for \$285.25 from A. H. Revell & Co. for the offices at 1700 Tower building and that the bill was paid for by the State of Illinois without official sanction, was the startling testimony before Roswell B. Mason, master in chancery, given by Senator Morton D. Hull of the fifth district.

This information developed during the taking of testimony by Fayette S. Munro, attorney for J. B. Ferguson, who charges that \$10,000 was drawn from the state treasury for "dummy employees" under the guise of the "white slave commission."

O'Hara Resolution Never Passed.

L. C. Laughlin, auditor for A. H. Revell & Co., said he made the bill for the furniture out to the State of Illinois, and it was paid at Springfield. Thomas S. Diddy, sales manager of the company, said he made the sale to O'Hara.

Coan Says Munro Wanted Job.

This testimony of the late afternoon came as a climax to a day of bitter clashes. Blair Coan and Attorney Munro furnished the fireworks of the probe earlier in the day.

Coan testified that Attorney Munro, when the vice commission was created, demanded a place as its attorney and threatened the commission's life if he were denied the place. Coan drew large sums as an "investigator" for the commission for which the attorney for John B. Ferguson, a tax payer, is unable to obtain a satisfactorily detailed expense account.

Says O'Hara, Sr., Sponged Money.

Miss Bertha E. Collins, stenographer in the National Life building, where the O'Hara offices were once located, was a witness. Her most interesting information was that she had once loaned former Judge Thomas O'Hara, father of the brothers, \$1 for luncheon, and when he failed to pay her, the lieutenant governor added it to one of her bills for typewriting and had the state pay it.

Edwin E. Ewing, manager of the building, and Samuel Lostetter and Richard Whitty, watchmen, testified they had never seen Charles F. Trick there on the nights he said to have run up the bill of more than \$2,000 against the state.
